

Swift River Virtual Clinicals

Single Sign-On

Swift River recently joined ATI Nursing Education. We're excited to announce that Swift River Virtual Clinicals can now be accessed directly from the ATI portal. Swift River Virtual Clinicals offers more than 600 screen-based simulation scenarios covering all the major clinical areas. If you are new to the product, you can create a new account with just a few easy steps. Or, if you already have an account, link your Swift River account to your existing ATI account to continue experiencing everything that Swift River has to offer. This document includes instructions for how to access and link Swift River to your existing ATI account through the single sign-on process.
